Processing of Emergency Room Physician Claims – Effective July 1, 2015

The purpose of this memo is to inform providers of changes to the processing of emergency room (ER) physician claims. Effective for claims with dates of service on or after July 1, 2015, ER claims for procedure code 99283 will no longer suspend for manual review and will pay at the full Medicaid allowed amount, regardless of the diagnosis code. These changes affect recipients enrolled in fee-for-service Medicaid and FAMIS.

MANAGED CARE ORGANIZATIONS

Many Medicaid recipients are enrolled with one of the Department's contracted Managed Care Organizations (MCO). In order to be reimbursed for services provided to an MCO enrolled individual, providers must follow their respective contract with the MCO. The MCO may utilize different prior authorization, billing, and reimbursement guidelines than those described for Medicaid fee-for-service individuals. For providers who do not have contracts with a MCOs, MCOs will pay the full Medicaid allowed amount regardless of the diagnosis code, which is the same as the fee-for-service reimbursement policy. For more information, please contact the MCO directly. Additional information about the Medicaid MCO program can be found at http://www.dmas.virginia.gov/Content_pgs/mc-home.aspx.
